Terri is the artistic force behind Get2Give Glassworks, a Thornhill based Fused Glass Studio creating unique, multi-dimensional wall mounted and freestanding art, special occasion gifts, serveware, awards, and Judaica. A graduate from U of T, she pivoted from teacher to artist over 12 years ago and has built a strong client base with commissions in Canada, the U.S., Israel, and South America. Terri's work exhibits a fresh, sculptural aesthetic. Each project is made of a combination of sheet, crushed, powdered and blown glass which is often complimented by the inclusion of base metals, acrylic, sterling silver and crystal elements. Her client base has grown significantly each year mainly through her presence at a selection of art shows (including the Toronto One Of A Kind Show), specialty retailers and client referrals. She is currently working on her first gallery focussed collection.
